

HCA Health Professionals Unit

Informational Picket: Monday, July 29 from 2pm to  
4pm Good Samaritan Hospital

Bargaining Update July 2019 - 2

2425 Samaritan Dr., San Jose

**Bargaining Report: HCA Maintains Disgracefully Low Economic Proposals, Then Demands Members to Pay More for Healthcare - *while they bring in billions in profit!***

HCA has not moved from their last proposals:

- 1% COLAs/No Market Adjustments;
- NO salary schedules/scales for our rehab, social services, and dietary members;
- NO differentials.

Then, HCA proposed members pay more for healthcare while offering a 1% COLA. This is disrespectful and unacceptable.

We have two more bargaining dates set: July 31 and August 1 and our bargaining team need to walk into those sessions with it crystal clear that all members at RMC and Good Sam have their backs!

**We need you to win a good contract.**

We need every member to show HCA that we are willing to fight for a fair contract with a strong turnout on the picket line on July 29; it is not only important for you to come out on July 29 but also for you to bring your fellow union members/coworkers. We have been fighting hard to let HCA know we are committed and united with our buttons, emails to the bosses, and other actions but now it is the time to take it further.

We will be setting up near the ED at 1:45PM, if you can show up early to help, and we will also need help breaking down after 4PM.

*ESC Local 20 Bargaining Team: Jennifer Blandino, Hiru Motreja, Hayat Haddad, Chelsea Henderson, Lisa Spears, David Dodds, Andrea Cronin, Nicole Dominguez, Jyoti Hans-Bra*
